

GET CASH BACK FROM ZONE 7
FOR MAKING YOUR SPRINKLERS SMART

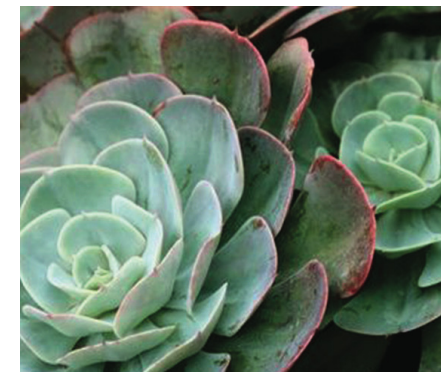

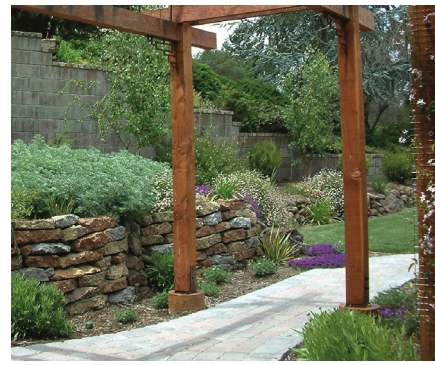

THE CONSERVATION

SMART IRRIGATION CONTROLLER REBATE PROGRAM

SAVE WATER AND REDUCE RUNOFF!

CONVENTIONAL SPRINKLER SYSTEMS USUALLY APPLY FAR MORE WATER THAN YARDS REALLY NEED

Zone 7 Water Agency is offering rebates to replace outdated irrigation system controllers with new self-adjusting "Smart" Controllers. Smart Controllers turn your irrigation system "On" and "Off" in response to local weather data and soil moisture measurements. They're easy to install and simple to program, and adjust to meet current conditions. They help ensure your plants are healthy by allowing you to tailor your waterings to meet your landscape's specific needs. Smart Controllers can save you money, enhance your property, reduce water waste and decrease pollution from runoff.

NOW IS THE TIME TO GROW SMART!

1

HOW DOES THE PROGRAM WORK?

1) Purchase a Smart Controller from the approved Qualifying Controller List found at www.zone7water.com under Conservation & Rebates.

2) Complete an application and submit it along with a copy of your receipt within ninety (90) days of purchase.

Note: Installation must be completed prior to submitting rebate application.

2

WHERE DO I GET AN APPLICATION?

Applications are available online at www.zone7water.com under Conservation & Rebates or by calling your local water utility's water conservation department.

3

HOW LONG DOES IT TAKE?

Please allow up to twelve (12) weeks for processing after all rebate application requirements have been met.

4

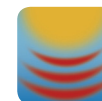

HOW MUCH IS THE REBATE?

Smart Controller rebate rates vary from year to year depending on funding. The maximum rebate in 2013: \$100 for multi-family residences. the 2013 maximum rebate or commercial, industrial, and institutional properties: \$3,000 or 50% of the cost of the new controller. Check www.zone7water.com under Conservation & Rebates for any updates to rebate information.

5

WHO DO I CALL WITH QUESTIONS?

Contact Zone 7 Water agency's Water Conservation Coordinator at 925.454.5000 or call your local water utility's water conservation department.

SMART CONTROLLERS MEASURE CURRENT WEATHER
FACTORS TO DETERMINE IRRIGATION NEEDS.

APPLICATION STEPS

- Choose and purchase a Smart Controller from the Qualifying Controller List found at www.zone7water.com under Conservation & Rebates.
- Install the Smart Controller according to the manufacturer's directions.
- Fill out the application for the Smart Controller rebate found at www.zone7water.com under Conservation & Rebates.
- Include a copy of the receipt for the new Smart Controller that shows the name of the store or contractor, purchase date, price, and the make and model.
- Include a copy of your most recent water bill.
- Submit the application within ninety (90) days of purchasing the controller.
- Mail the above-listed items to:
Rebates
Zone 7 Water Agency
100 North Canyons Parkway
Livermore, CA 94551
- Applications can also be submitted online at www.zone7water.com under Conservation & Rebates. This option is not available to Mac users. fax the other required items (receipt and water bill) to 925.454.5726 within 24 hours of submitting the application online. Or send them as PDF attachments with an email to rebates@zone7water.com. Please put "Rebate" and your last name in the subject line.

Hint: Before removing old controller, mark or tag wires with station numbers to aid in connecting them correctly to new timer.

Smart Controllers reduce water use and promote healthy attractive landscapes. They replenish water as needed and make scheduled adjustments throughout the seasons, varying run times as the weather changes. They also help reduce runoff from over-irrigation, which can carry excess fertilizers, herbicides and pesticides into local waterways. Smart Controllers are a win-win for you and for the environment!

ATESre

- You must be a water customer in good standing with City of Livermore, California Water Service Co.– Livermore, Dublin San Ramon Services District, or City of Pleasanton.
- Your property must have a fully operating and maintained in-ground irrigation system that uses potable water.
- You must have been paying water bills for this site for a minimum of one (1) year.
- Your new Smart Controller must be from the Qualifying Controller List which can be found at www.zone7water.com under Conservation & Rebates.
- Rebate application must be postmarked within ninety (90) days of purchasing the controller.

OTHER PROGRAM DETAILS AND RESTRICTIONS
